**If you are applying for a condo/HOA, please indicate with your initials below that you understand we must receive a letter from the condo/HOA board of directors by June 24 indicating that they support this application. Letters should be emailed to [trees@ecoactionarlington.org](mailto:trees@ecoactionarlington.org)**

**Please provide the name, email, and telephone number of someone who we may contact about this tree application if you can't be reached. \***

**What is your first choice of tree species? \***

**What is your second choice of tree species? \***

**If my first or second choice of tree species is not available, I'm willing to be contacted to select another species. \***

**Describe how planting this tree will meet the priorities of the Arlington County Tree Canopy Fund. \***

**Please provide the mailing address where tree will be planted. \***

Example: 5760 6th Street N. (if the tree will be planted on the grounds of a condo, please provide the closest mailing address)

**Please provide the nearest cross street to the planting location. \***

**Please provide a detailed description of where the tree will be planted if you are facing the front door. \***

Example: If you are facing the front door, tree will go in the front yard on the left side of the property, next to the driveway, about twenty feet from the street.

### Photo of proposed planting spot \*

Please upload a photo showing the location where you'd like to plant this tree. It is extremely helpful if you take a photo with someone standing in the exact location you want the tree planted, so that it is clear that the surroundings are suitable for a canopy tree. Please rename the file as the planting location address (example: 5760N6thStreet.jpg). Click the "Browse" button below and choose the photo file from your computer. NOTE - this photo is required with application. If you can't upload a photo, please upload a letter of explanation.

No file chosen

Accepted file types: jpg, doc, png, pdf, gif, docx, tif, jpeg, jif, pcd.

### For larger properties (i.e. condos or clubs), please upload a map showing planting locations.

Providing a map is optional, but it is extremely helpful for larger projects. Only one map per project is needed. Please include a key indicating which species is to be planted in each location.

No file chosen

Accepted file types: jpg, doc, png, pdf, gif, docx, tif, jpeg, jif, pcd.

### By entering my initials below, I certify that the site is ready for planting and any dead tree in the same spot was removed before October 1, 2018. \*

We require proposed tree planting locations to be tree-free for at least one year before we plant there. If you are proposing a spot that already has a tree in it, you must remove the tree, and then apply in a future cycle.
