

Virtual Community Earth Month Cleanup

Instructions - Print out this form and take it with you during your cleanup. Working with a partner is helpful. As one person picks up each trash item, have another person tally the category of trash on this sheet. When you are done, total each row in the column on the right. Then tally the number and size of bags filled. Visit EcoActionArlington.org to report your cleanup results and for safety instructions. Report all data by May 1.

Category	Tally of Items	Total
<i>Example - Metal can</i>	IIII	4
Plastic container		
Plastic bag		
Plastic piece <i>(including small pieces of plastic and straws)</i>		
Styrofoam item or piece of styrofoam		
Metal can		
Glass bottle		
Food wrappers		
Paper or cardboard		
Other		
Number of Trash Bags Filled		
Trash Bag Size <i>(circle one)</i> - grocery bag (2 gallons), kitchen bag (13 gallons), large trash bag (30 gallons), other
